Seeking Medical Professionals for Heart Health Campaign Input

Participants must be providers, nurses, medical assistants, advocates, or care coordinators who understand heart health issues in Black and/or Indigenous Women (~40 or older)

ENGAGEMENT 1	ENGAGEMENT 2	ENGAGEMENT 3
1 hour in late July Participants will provide guidance on the biggest issues related to the heart health of Black & Indigenous women and how to reach community with resources and care.	**1 hour in August** Participants will provide feedback on the campaign content, messaging, direction, and approach.	**1 hour in October** Participants will provide feedback on the final campaign design.

3 virtual engagement sessions totaling 3 hours

Engagements will be scheduled once participants are confirmed.
Virtual engagement sessions will be hosted via Zoom.

Interested participants sign up at **bit.ly/hennepinheart**
